

Harshal Bhuse, CPIM

## Our Newest CPIM

We are very pleased to announce that Harshal Bhuse of Oklahoma State University completed all requirements for award of the APICS Certified in Production and Inventory Management (CPIM) credential in September.

Harshal is a Graduate Teaching Assistant at OSU, and plans to complete his Master's Degree in Industrial Engineering next Spring. He is a member of Alpha Pi Mu Honor Society.

As a member of the APICS OSU Student Chapter, he is an enthusiastic participant in all events and demonstrates true dedication and interest in Supply Chain Management.

## Reconfigured CPIM is Here

We are offering the new APICS CPIM Exam Preparation Courses that will expand your operations management knowledge and prepare you for the APICS CPIM exams. Classes begin soon for Part 1 (new candidates) and Part 2 (those who have completed at least the legacy BSCM).

We provide you with the new APICS CPIM Learning System which is a comprehensive education program combining reading materials with interactive web-based study tools to provide a customized experience. We also provide a booklet

with a copy of the slides presented (only available to instructor-led classes).

To register or just get more information, visit our course descriptions here:

[CPIM Part 1](#)—October 7th to November 4th from 9AM to 4PM

[Master Planning of Resources](#) —October 24th to January 2nd from 5:30PM to 8:30PM

[Execution and Control of Operations](#) — January 9th to February 27th, 5:30 PM to 8:30 PM

Also feel free to contact us at [ChapterVPEd@apics-okc.org](mailto:ChapterVPEd@apics-okc.org) if you have questions.

**THE BEST GETS BETTER**

# SCOR 12.0

**DRIVE VALUE. BUILD LEADERS.**

The Supply Chain Operations Reference (SCOR) model is the world's leading supply chain framework, and it's getting better. APICS will announce release of SCOR version 12.0 at the annual conference in San Antonio this month. Updates include:

- More reliable Total Cost model
- Deeper dive into omni-channel, metadata, block chain, and other critical current topics
- Sustainability standards based on the Global Reporting Initiative

If you are a supply chain executive interested in employing SCOR to improve your supply chain, learn about SCOR through an [executive briefing](#). APICS offers group and individual training leading to the SCOR Professional (SCOR-P) endorsement. SCOR-P demonstrates an individual's knowledge of SCOR. To learn more about SCOR-P endorsement, click [here](#).

## **How can my company host a private class?**

Just give our VP of Education an idea of when you'd like to host a class of your own, and we'll work out a mutually agreeable schedule. Please send an email with your request to [ChapterVPEd@apics-okc.org](mailto:ChapterVPEd@apics-okc.org).
