Our Newest APICS Certifications

We are very pleased to announce that both Aditya Nikam and Pritesh Wankhede from Oklahoma State University completed all requirements for award of the APICS Certified in Production and Inventory Management (CPIM) credential.

Additionally, Melissa Colin from Northrop Grumman completed all requirements for the Certified Supply Chain Professional (CSCP) certification in April.

Please join us in congratulating these folks for such a significant accomplishment! Remember, if you'd like to see your photo here, you can always contact us for information about certification prep classes!

APICS OKC Invites You to Tour the Regional Food Bank of Oklahoma on May 17th

On May 17th, APICS OKC has been invited to take a tour of the Regional Food Bank of Oklahoma.

The Oklahoma Food Bank was founded in 1980 has been providing millions of meals to less fortunate families since their inception. Over the years, they have partnered with local organizations on over 1,300 different programs to serve our community. One of which is their backpack program. The backpack program provides food to kids on a weekly basis. These backpacks are delivered to the homes of these children and their families. More than 30 percent of the food that is donated is reserved for this cause. According to the Regional Food Bank's website, "44,000 chronically hungry children were served through the Food for Kids Programs". This program is essential to the development of these kids. Without the stress of not knowing where the next meal will come from, this program gives these kids the opportunity to concentrate on school and building a better life for themselves.

On a weekly basis teachers and counselors deliver these backpacks to the lockers of the children in need. Even though our Oklahoma Teachers are going through a walkout, some of them have been stepping up to the plate and participating in this life-changing program. These teachers know the value that programs like this bring to our youth, and even though they may be going through rough times themselves they find the time to take care of their students. APICS OKC would like to give a shout out these teachers and all of the good that they do for our community. Bravo! Keep up the good work!
